LET US HELP YOU BUDGET!

Would you like to know exactly what your natural gas bill will be each month, even before it arrives? What if you could pay the same monthly amount on your natural gas bill year-round, much like your car payment or mortgage? At Wyoming Gas Company, we can help you do that with our Budget Payment Plan.

Here's how it works; we add up your natural gas bills for one year and then divide that amount by 12. This amount becomes your monthly payment each month, every month, with no fluctuation. Then, each October, we recalculate your budget payment amount based on your actual usage, considering any outstanding balance or credit, and send you a letter with your new budget amount for the next 12 months. That amount is "locked in" for a full year. You will still receive monthly statements from Wyoming Gas showing your actual usage and your account balance.

Use the form at the bottom of this page to sign up for our Budget Payment Plan. Simply check YES when you fill out the form and mail it back to us or bring it into our office.

Note: To enroll in the Budget Payment Plan, your account must be at a zero balance, and you must have at least 12 months of billing history at your service location.
